## Declarations on Formation of a Community Interest Company

Company Name in  
full

Reyt Repair C.I.C.

### **SECTION A: COMMUNITY INTEREST STATEMENT - beneficiaries**

1. We, the undersigned, declare that the company will carry on its activities for the benefit of the community, or a section of the community.

*The company's activities will provide benefit to ...*

*Residents of Sheffield, UK and beyond who need:*

1. *An affordable repair service for household items like clothes, furniture and electrical items.*
2. *A place where repair skills are shared, celebrated and developed in vibrant communities of repair volunteers.*
3. *A better option than land-fill for unwanted or broken items.*
4. *Changes to the way we manufacture and sell new items, so that they are more repairable.*

**COMPANY NAME**

Reyt Repair C.I.C.

**SECTION B: Community Interest Statement - Activities & Related Benefit**

Please indicate how it is proposed that the company's activities will benefit the community, or a section of the community. Please provide as much detail as possible to enable the CIC Regulator to make an informed decision about whether your proposed company is eligible to become a community interest company. It would be useful if you were to explain how you think your company will be different from a commercial company providing similar services or products for individual or personal gain.

| <b>Activities</b><br>(Tell us here what the company is being set up to do)  | <b>How will the activity benefit the community?</b><br><i>(The community will benefit by...)</i>   |
|---|--|
| <b>Repair household items such as clothing, furniture and electrical goods</b>  | <i>Affordable repair of most clothes, furniture and electrical items has disappeared from most high streets. By fixing this, we will provide economic, environmental and social benefits to our customers, our volunteers and our society.</i>   |
| <b>Sell donated, repaired, upcycled and recycled items</b>  | <i>By selling these items, our customers will benefit from high quality, repaired and tested items. This will benefit the environment by avoiding waste and the carbon costs of manufacture and disposal. The money raised will support the project in a local, circular fashion rather than send it to a transnational corporation.</i> |
| <b>Host workshops in repair, arts, craft and related skills</b>   | <i>Sharing skills in workshops will benefit participants, who will not only gain practical skills and experience working with various materials, but also social contact. Workshop leaders will be supported to develop skills in group facilitation and activity planning.</i>  |
| <b>Educate and advocate, including video making and social media activity, for the right to repair and for related causes</b> | <i>We can only fix so much with screwdrivers and allen keys - we also need fundamental change in consumer choices and rights; and in corporate responsibilities. We will join other repair groups in advocating for the right to repair and better product legislation for the benefit of all.</i>                                       |

Cont. overleaf

|   |  |
|---|--|
| <p><b>Provide training, education and apprenticeship opportunities in repair related fields</b></p>                               | <p><i>We will provide high quality real-world training, education and apprenticeships for the benefit of the recipients, the teachers and the wider community. Our skills are constantly progressing as we share with each other - providing structured, accredited opportunities will teach us even as we educate others.</i></p>                                   |
| <p><b>Curate a series of volunteer groups for the purposes of repairing items, craft projects and skill sharing.</b></p>          | <p><i>Volunteers power our mission to repair things reyt. They deliver our core services together with an opportunity to engage beyond a retail experience. We support our volunteers with tea, cake and more, to create a warm and welcoming space. The opportunity to share skills and be valued for your abilities is a key ingredient of a healthy life.</i></p> |
| <p>If the company makes any surplus it will be used for...</p> <p><b>Reinvesting into the company to serve the community.</b></p> |  |
